Determine who your team members are and who will be the adult advisor
Are you interested in having DEQ send your school PurpleAir sensors?*
YES
NO
* Each school can only request a maximum of 2 sensors. If your school has multiple teams, please coordinate with them before requesting sensors.
Do you have access to an outdoor electrical outlet and Wi-Fi on you school's campus?
YES
NO
Are there 2 locations on school property that have access to power and Wi-Fi you could use?
YES
YES but we only want 1 onsite sensor
NO
Do you want to compare your 1 onsite PurpleAir sensor to another monitoring source?
NO
YES
PurpleAir sensors require both to be used. We recommend using DEQ or EPA air quality data.
What monitoring locations are you interested in accessing data from?
BOTH
IN IDAHO
DEQ air quality data
OUTSIDE IDAHO
EPA Fire and Smoke Map air quality data
Do you want to compare multiple monitoring sources?
YES
NO
Choose airtivities based on data from 2 onsite PurpleAir sensors
Choose airtivities based on data from 1 onsite PurpleAir sensor
Choose airtivities based on data from 1 onsite PurpleAir sensor compared to DEQ or EPA air quality data
Choose airtivities using DEQ- or EPA-provided air quality data from multiple locations
Choose airtivities using DEQ- or EPA-provided air quality data from one location
