Site Information

In addition to the information below, attach a site map and photo that indicates the site's location in the community, adjacent land uses, and areas of known or suspected contamination.

Name:

Address:

Acreage: Zoning:

Types of buildings:

Current and Past Site Use

Provide a brief summary of the site's past uses and current use (e.g., abandoned, underutilized, or fully utilized). Provide all known ownership information and potential or known contamination issues.

Regulatory History

Is the applicant or any other party under an order from DEQ or EPA to conduct a site assessment and/or cleanup? If the answer to this question is yes, describe below.

☐ Yes ☐ No

Redevelopment Potential

Provide a brief discussion of the redevelopment potential of the property and the importance of the property to the community. How will the public benefit from this assessment? What is the estimated site value absent contamination issues? Is there a planned reuse for the site?

Local Government Commitment

Is there a strong local commitment—either financially, or through commitment of municipal resources—for other components of the project?

Prior Site Assessment Activities

Provide or describe the results of all previous assessments conducted at the site (if any).

Site Assessment Needs

Specify the requested assessment activities—Phase I, Phase II, Risk Evaluation, and/or Cleanup Options. Indicate the time frame in which this work is needed.
