

# IPDES Permit Issuance Plan

Calendar Year 2026

**State of Idaho**  
**Department of Environmental Quality**

October 2025

## Idaho Permit Issuance Plan for Calendar Year 2026

The Idaho Department of Environmental Quality's (DEQ's) permit issuance plan for calendar year 2026 provides the regulated community, United States Environmental Protection Agency (EPA), and other state, federal, tribal, and interested organizations with information regarding permits being developed by DEQ's Idaho Pollutant Discharge Elimination System (IPDES) Bureau. This list serves as a guide for prioritizing permit development, although special circumstances may result in deviation from the schedule (e.g., new sources or dischargers, application withdrawals or Notices of Terminate, or total maximum daily load [TMDL] changes).

Individual facilities are rated based on the following criteria:

- Type of facility applying for permit
- Length of time a facility has been waiting to be issued its first permit
- Length of time until an existing permit expires
- Length of time a permit has been administratively continued
- Receiving water beneficial use status
- Facility compliance history
  - Number of significant noncompliance issues during past permit cycle
  - Number of reporting noncompliance issues during past permit cycle
- Facility classification as a major or a minor discharger
- Number of drinking water system intakes within 500 feet downstream of a facility's discharge point
- Changes affecting the facility's current discharge permit
- Potential environmental impact associated with issuing or not issuing a permit, including expected water quality benefits or risks to beneficial uses

## Permit Issuance for Individual IPDES Permits

Table 1, Table 2, and Table 3 identify POTW and non-POTW permit development status for pending (new) and administratively continued permits:

- Development—Permits DEQ are actively developing and expects to issue soon
- 2026 Priority—Permits DEQ intends to move into development this year
- Queue—In queue to be assigned and prepared
- On Hold—On hold due to specific circumstances (e.g., inactive discharge, etc.)

Permits are listed in order of highest priority scoring. Although these tables generally guide the permit development prioritization, some permits may be developed out of order due to specific circumstances (e.g., discharging to shared waterbodies, draft permit development was already in progress, changes to waterbody impairments or facility operations, etc.).

Table 1. 2026 POTW permit development list.

<i>NPDES ID</i>	<i>Permit Name</i>	<i>Rank</i>	<i>Score</i>	<i>Permit Status Description</i>	<i>Draft Status</i>	<i>Expiration Date</i>	<i>HUC</i>	<i>Receiving water</i>	<i>Notes</i>

- c. HUCs identified by the US Fish and Wildlife Service (FWS) that contain ESA-listed species or critical habitat.

## Effective IPDES Individual Permits

Table 4 lists individual POTW permits, and Table 5 lists the individual non-POTW permits in Idaho that are *Effective*, organized by expiration date. IPDES compliance officers contact permittees in the *Effective* status at least 12 months prior to the permit expiration date, reminding them to prepare and submit a renewal application if they wish to continue discharging under an IPDES permit.

**Table 4. 2026 POTW permit effective list.**

IPDES ID	Permit Name	Expiration Date	Renewal Application	HUC	Receiving Water	Notes

- HUCs identified by the US Fish and Wildlife Service (FWS) that contain ESA-listed species or critical habitat.

## General Permits and Storm Water Individual Permits

Table 5–Table 7 identify general permit and storm water permit development statuses:

- Development—Assigned for permit preparation and/or actively being prepared.
- Queue—In queue to be assigned and prepared.
- On Hold—On hold due to specific circumstances (e.g., inactive discharge, etc.).

DEQ’s plan to address these permits appears in the *Comments* column.

**Table 5. 2026 Non-storm water general permit development list.**

IPDES ID	Permit Name	Permit Status	Expiration Date	Draft Status	Comments
IDG910000	General Permit for Ground Water Remediation Facilities in Idaho	Admin Continued	6/30/2012	On Hold	Delamar & Atlanta Gold Mines
IDG130000	2007 General Permit, Aquaculture Facilities in Idaho Subject to Wasteload Allocations Under Selected TMDLs	Admin Continued	11/30/2012	On Hold	Pending new Snake-Rock Creek Subbasin TMDL
IDG132000	2009 General Permit, Fish Processors Associated with Aquaculture Facilities in Idaho	Admin Continued	11/30/2012	On Hold	Pending new Snake-Rock Creek Subbasin TMDL
IDG911000	General Permit for Ground Water Remediation Facilities in Idaho	Admin Continued	9/14/2019	On Hold	Staff availability dependent
IDG870000	Pesticide General Permit (PGP) for Discharges from the Application of Pesticides	Admin Continued	10/31/2021	Development	Target issuance in 2026
IDG370000	General Permit for Small Suction Dredge Miners in Idaho	Effective	6/20/2029	—	—
IDG131000	2019 General Permits for Aquaculture Facilities in Idaho (excluding facilities in the Upper Snake-Rock subbasin)	Admin Continued	11/30/2024	Development	Target issuance in 2026
IDG010000	General Permit for Concentrated Animal Feeding Operations (CAFOs) in Idaho	Expired	N/A	—	Target issuance in 2026
IDG380000	General Permit for Idaho Drinking Water Facilities	Effective	4/31/2027	—	Target issuance in 2027
IDGxxxxxx	General Permit for Hydroelectric Facilities <sup>a</sup>	N/A	N/A	Queue	Staff availability dependent.

a. Hydroelectric facilities with pending applications proposed to be covered under General Permit for Hydroelectric Facilities:

- American Falls Power Plant
- Wildcat on Hayden, Bliss Power Plant
- Milner Power Plant
- Twin Falls Power Plant
- Shoshone Falls Power Plant
- Clear Lakes Power Plant
- Thousand Springs Power Plant
- Upper Salmon A Power Plant
- Upper Salmon B Power Plant
- Lower Salmon Power Plant
- Upper Malad Power Plant
- Lower Malad Power Plant
- CJ Strike Power Plant
- Swan Falls Power Plant
- Cascade Power Plant
- Ashton Hydroelectric Plant
- Soda Hydroelectric Plant
- Last Chance Hydroelectric Plant
- Grace Hydroelectric Plant
- Oneida Hydroelectric Plant
- PacifiCorp
- Gem State Project
- Lower Plant
- City Plant
- Upper Plant
