**Date:** Saturday, October 30, 2021 8:38:28 AM

Paula,  
Crop residue burning should be banned unless there is a proven disease that needs to be mitigated. Crop burning is more of a convenience rather than a necessity. My family of farmers agree crop burning should cease. The health hazards and environmental pollution should be protected. Stop field residue burning. Jim Rehder, 10/30/21
