

Public Notice: Notice of Public Hearing

Notice of Intent to Approve a Variance from Obtaining a Hazardous Waste Treatment, Storage, and Disposal Permit for

P. Kay Metal Lewiston, LLC
(EPA ID # IDR000205476) (Docket # 10HW-2104)

Department of Environmental Quality
1410 N. Hilton
Boise, ID 83706

Notice Issued: December 08, 2021

What is the purpose of this notice?

The Department of Environmental Quality (DEQ) is proposing to renew a variance from obtaining a hazardous waste treatment, storage, and disposal facility permit for the P. Kay Metal Lewiston Facility. The variance is based on the application submitted by P. Kay Metal as required under Idaho's Hazardous Waste Management Act. Associated with this approval, DEQ is holding a public hearing pursuant to IDAPA 58.01.05.356.02.

What Is Proposed?

Idaho Code § 39-4424 requires that manifested waste be treated, stored, or disposed of at a permitted hazardous waste treatment, storage, and disposal facility. The variance allows P. Kay Metal to receive shipments of lead metal hazardous secondary material (HSM), as opposed to hazardous waste, for reclamation arriving from states that use a uniform hazardous waste manifest as a shipping document without obtaining a hazardous waste permit. The variance does not authorize receipt of hazardous waste, only HSM. Idaho law does not require this type of HSM be shipped on a manifest.

Facility description: P. Kay Metal Lewiston is located on Southport Avenue, Southwest of the Nez Perce County Airport. The facility processes incoming secondary lead material and manufactures solders and lead alloys

in bar or wire form. The facility stores HSM for less than 90 days and processes the metal through melting, casting, and forming before shipping offsite. Operations began in December 2017.

Where can I get more information?

In person: The variance, fact sheet, and administrative record for the facility may be reviewed at the DEQ State Office, located at 1410 North Hilton, Boise, Idaho or the DEQ Regional Office, located at 1118 F Street, Lewiston, Idaho.

Online: A copy of the fact sheet and the variance are available online via the DEQ website:

<https://www.deq.idaho.gov/public-information/public-comment-opportunities/>

By phone: Call Daryl Sawyer at (208) 373-0547 for information and to be added to or deleted from the facility mailing list.

Public Hearing: A public hearing on the variance renewal will be held on January 12, 2022, in the Kokanee Room at the Lewiston Community Center, at 1424 Main St, Lewiston. Staff will be available to answer questions at 5:00 PST pm and the hearing will begin at 5:30 pm PST. In support of the effort to reduce the spread of Covid-19, persons wanting to provide comments may attend via telephone and video conferencing. Remote attendance is encouraged. To sign up for remote attendance via telephone and video conferencing,

contact Daryl Sawyer by January 10, 2022.

Who will be responsible for implementing this variance?

P. Kay Metal Lewiston, LLC.

Who is the issuing office?

Idaho Department of Environmental Quality, 1410 North Hilton Boise, Idaho 83706

What are DEQ's responsibilities? DEQ

is the regulatory agency that helps protect and enhance Idaho's water and air quality and helps ensure proper management and disposal of hazardous and solid wastes.

What legal requirements apply?

Idaho Code § 39-4409(7) allows for DEQ to issue a variance from the hazardous waste permitting requirement.
