From Country Court Community
Sandra Eimers, Owner/Manager

I know I share the same view as other small, rural communities with respect to trying to keep expenses and costs to a minimum to maintain rental rate affordability for our rural communities. It is of major importance to us that the assistance of state organizations like Idaho Rural Water Association be maintained in an affordable way in the absence of federal funding. In this regard, I feel the proposed increase in fees—particularly in light of the fact that these fees have not been increased for many years—is a sound investment to assure assistance with DEQ mandatory requirements.

Thank you,

Sandra Eimers
