Negotiated Rulemaking Summary
[Idaho Code § 67-5220\(3\)\(f\)](#)**

This rulemaking was initiated to establish fees as required by 2026 [House Bill 555](#).

On July 1, 2026, the Notice of Intent to Promulgate Rules –Negotiated Rulemaking was published in the Idaho Administrative Bulletin, and the preliminary draft rule was posted on DEQ’s website. Meetings were held on July 13, and August 4, 2026. Stakeholders and members of the public participated by receiving email notifications, attending the meetings, reviewing DEQ’s presentations and rules, and were provided the opportunity to submit comments. Key information was posted on DEQ’s website and made available to persons who participated in the negotiated rulemaking.

Six scoping meetings were held with the solid waste community prior to the negotiated rulemaking meetings noted above to gather input for developing the initial rule draft for negotiated rulemaking.

No public comments were received during the formal negotiated rulemaking process.

As a result of the negotiated rulemaking process, DEQ reached the conclusion to proceed to the next step of the rulemaking process with its final draft rule. DEQ submitted the draft rule to the Division of Financial Management for review. DEQ formatted the draft for publication as a proposed rule for public comment. The negotiated rulemaking record, which includes the negotiated rule drafts, key information considered and documents distributed during the negotiated rulemaking process, and the negotiated rulemaking summary, is available at [Solid Waste: Docket No. 58-0106-2601 | Idaho Department of Environmental Quality \(DEQ\)](#).
