

St. Maries Woodstove Change Out Program

WSCO Program Tracking Number:

St. Maries Wood Stove Changeout Application 2023

All sections of this application must be completed by the Homeowner. A copy should be retained by the Homeowner for his or her records. The Idaho Department of Environmental Quality is not responsible for materials lost by mail. Please review the Applicant Certification (section IV) before signing at the bottom. Submit the completed application to:

Dan Smith, Airshed Coordinator
Idaho Department of Environmental Quality
2110 Ironwood Drive
Coeur d'Alene, ID 83843

For questions regarding the application, contact
Dan.Smith@deq.idaho.gov
(208) 666-4609 (office) or (208) 807-1474 (cell)

Applicant Information

Name:

Physical home address:

City:

Zip:

Is this a mobile or manufactured home? Yes No

Mailing address, if different:

Phone:

Email:

Do you own this property?

Yes, Owner

No, Tenant (Tenants cannot apply directly for a stove replacement--all applications must be done by the homeowner)

St. Maries Woodstove Change Out Program

If you are the owner, do you rent out this property?

Yes

No

If yes, you are required to fill out the Applicant/Tenant Agreement specifying that you will be responsible for training and supervising your tenants to ensure proper operation of the replacement appliance. Submit a signed Applicant/Tenant Agreement with this application.

Why are you applying? (Check all that apply.)

Not satisfied with current device

To reduce pollution

To save money

Other

Was the grant funding a significant factor in deciding to replace your stove?

Yes

No

Existing Residential Woodstove

Make:

Model:

Year manufactured (if known):

How many woodstoves are on your property?

1

2

3

Other

If you have more than 1 woodstove at your property, are any used to heat outbuildings

No

Yes. How many?

In a typical heating season, how many cords of wood do you typically burn?

St. Maries Woodstove Change Out Program

What percent of wood burned in a typical season is currently used in the stove to be replaced?

100%

75%

50%

If burning wood, how is it obtained?

Cut

Purchased

If cut, how many months do you season your wood prior to burning?

Mo.

Is your residential woodstove used as a primary source of heat?

Yes

No

What sources of fuel are available for heating your home? (Check all that apply.)

Wood

Propane

Fuel oil

Natural gas

Electricity

Other

What heating appliance are you interested in replacing your residential woodstove with?

Woodstove or insert

Pellet stove or insert

Heat pump

Gas stove or insert

Electric central heat

DEQ strongly encourages upgrading to a non-wood-burning heating device to further decrease emissions.

Photo Documentation - Existing Wood-Heating Stove

Please provide clear photos of:

1. Current EPA certification tag (if present)
2. Name plate (model) (if present)
3. Front view of wood stove or insert (installed in home)

Income Verification*

How many people are currently living in your household?

St. Maries Woodstove Change Out Program

Mark the box that best represents your household's total annual income. (Include all income for all adults living in this home.)

\$0-29,160	\$70,281-80,560
\$29,161-39,440	\$80,561-90,840
\$39,441-49,720	\$90,841-101,120
\$49,721-60,000	\$101,121 and above
\$60,001-70,280	

** The St. Maries PM Advance Program that funds this program is aimed at assisting economically distressed residents of St. Maries by replacing their existing woodstoves. While income level does not affect program eligibility, it is used in establishing priorities for installation. Low income verification through Community Action Partnerships is required for low income priority to kick in.*

Applicant Certification

By submitting this application, you agree to the following certification statements:

- Only currently installed and operating eligible residential woodstoves will be replaced under this program.
- No retroactive rebates are available.
- Only one stove will be replaced with a qualified heating device with funding from this program for primary heating of my residence.
- If I qualify for the program, the new appliance must be professionally installed by a Participating Vendor. Self-installation of the device is prohibited.
- I will be replacing an operable stove that is currently in use in my residence. The Participating Vendor who installs the new qualified heating device is responsible for removing the old stove and documenting its disposal. The old stove will be rendered permanently and irreversibly inoperable. I may not keep the old stove and it may not be sold.
- I will be disqualified from this program if I provide false information, if the old stove is removed from the residence prior to Participating Vendor removal, or if a new heating device is purchased prior to DEQ review of the Participating Vendor's estimate.
- DEQ and our partners do not warranty any qualified heating devices purchased under this program, including, but not limited to, the quality, functionality, or satisfaction with the device. Any and all warranties are through the device manufacturer and Participating Vendor.

St. Maries Woodstove Change Out Program

- I agree to hold harmless DEQ and its director, employees, and agents from any and all loss, damage, or liability that arises out of or is in any way connected with installation or use of the device installed under this program.
- I will follow proper burning practices as discussed by the Participating Vendor and in accordance with EPA BurnWise educational materials, and I will not burn pressure-treated wood, garbage/trash, plastic, or any other EPA-prohibited materials. I will operate this qualified heating device according to the manufacturer's instructions and .
- I understand that proper wood-burning practices (e.g., burning only dry, natural wood that has been seasoned at least 6 months or commercially designed firelogs approved for woodstove use) and proper stove installation and operation (e.g., maintaining a hot fire) are critical to the effectiveness of my new device.
- If I rent this property to others, I will be required to enter into a Applicant/tenant agreement holding me responsible for training and supervising the tenant on proper appliance operation and for all maintenance of the new device.
- I agree to not sell or replace the new EPA-approved device with a non-certified wood or other solid fuel device during the expected lifetime of the new EPA-approved device.

I certify the statements and information in this Applicant Application are true, accurate, and complete (IDAPA 58.01.01.123).
