RE: Facility ID No. 777-00088, Peak Sand & Gravel, Inc. 00088, Sandpoint
PR-2018.0040, Permit by Rule Registration Notification
Portable Rock Crushing Facility

Dear Mr. Rusho:

The Department of Environmental Quality (DEQ) received a Permit by Rule Registration form on September 25, 2018 for a portable Nonmetallic Mineral Processing Plant from Peak Sand & Gravel, Inc. 00088. The registration is for the following equipment, which includes all equipment currently registered for Facility ID No. 777-00088:

<u>Primary Crushers and Grinding Mills¹</u>	<u>Secondary Crushers and Grinding Mills</u>	<u>Screen Decks/Air Separator</u>	<u>Electrical Generators</u>
Primary Crusher Manufacturer: Metso Type: Jaw Serial No.: C-110 Capacity (T/hr): 1100 Year of Mfr.: 1999	Secondary Crusher(s) Manufacturer: Nordberg Type: Cone Serial No.: 15-60 Capacity (T/hr): 1100 Year of Mfr.: 1988	Screen Deck(s) Manufacturer: JCI Serial No.: 01LT07132 Size: 6'x20' Number of Decks:2 Year of Mfr.: 2003	Generator(s) Manufacturer: Caterpillar Output (kW): 1500 Fuel Type: 2
Primary Crusher Total Capacity (T/hr)² T/hr: 1100	Manufacturer: Metso Type: Cone Serial No.: G-3815 Capacity (T/hr): 1100 Year of Mfr.: 2000	Manufacturer: JCI Serial No.: S051400 Size: 8'x20' Number of Decks:3 Year of Mfr.: 2005	Manufacturer: Caterpillar Output (kW): 1000 Fuel Type: 2
	Tertiary Crusher(s) Manufacturer: Metso Type: Cone Serial No.: HP400 Capacity (T/hr): 1100 Year of Mfr.: 1997	Manufacturer: JCI Serial No.: S051401 Size: 8'x20' Number of Decks:3 Year of Mfr.: 2005	
	Manufacturer: Metso Type: Cone Serial No.: HP400 Capacity (T/hr): 1100 Year of Mfr.: 2005	Air Separator Manufacturer: Fisher Serial No.: AS-40-605121 Size: N/A Number of Decks: N/A Year of Mfr.: 2010	

Manufacturer: ISC
Type: Impact
Serial No.: 77
Capacity (T/hr): 1100
Year of Mfr.: 2001

¹ Per 40 CFR 60.671, Capacity means the cumulative rated capacity of all initial crushers that are part of the plant. Initial crusher means any crusher into which nonmetallic minerals can be fed without prior crushing in the plant.

² T/hr = tons per hour

This registration for Permit by Rule is effective immediately, and replaces Permit by Rule registration PR-060106 issued on March 1, 2006. We recommend that you maintain a copy of this letter at all sites where the registered equipment is being operated or stored.

Please be advised that the equipment operation, monitoring, and recordkeeping for this portable rock crushing equipment must comply at all times with the Rules for the Control of Nonmetallic Mineral Processing Plants in accordance with IDAPA 58.01.01.790 through 802. A copy of IDAPA 58.01.01.790 through 802 is attached. A description of the portable rock crusher PBR program and links to PBR guidance and forms for registration, relocation, and operations monitoring are provided on DEQ's website at:

<http://www.deq.idaho.gov/permitting/air-quality-permitting/permit-by-rule.aspx>

EPA has amended the Standards of Performance for Nonmetallic Mineral Processing Plants (NMPP). The amendments include revisions to the emission limits for NMPP affected facilities which commence construction, modification, or reconstruction on or after April 22, 2008. These amendments include additional testing and monitoring for affected facilities that commence construction, modification, or reconstruction on or after April 22, 2008; exemption of affected facilities that process wet material from this rule; changes to simplify the notification requirements for all affected facilities; and changes to definitions and various other clarifications. These amendments were Incorporated by Reference into IDAPA 58.01.01.790 through 802 (Rules for the Control of Air Pollution in Idaho) on March 25, 2016.

In order to fully understand the compliance requirements of this Permit by Rule, DEQ highly recommends that you schedule a meeting with Almer Casile, Air Quality Analyst, at (208) 769-1422 to review and discuss the terms and conditions of this Permit by Rule. Should you choose to schedule this meeting, DEQ recommends the following representatives attend the meeting: your facility's plant manager, responsible official, environmental contact, and any other staff responsible for day-to-day compliance with permit conditions.

Other Air Quality Requirements

You will be required to submit a portable equipment relocation form each time the plant is moved to a new site of operations. DEQ requires that this form be submitted at least ten days prior to relocating the equipment. A copy of the form is enclosed for your convenience. You are also required to log the hours of operation for any electrical generator used, log all fugitive dust complaints, and log all triggers that initiate fugitive dust control. A copy of each of those forms is also enclosed. If you have questions regarding this Permit by Rule process, please contact Will Tiedemann (208) 373-0502 or William.Tiedemann@deq.idaho.gov.

Sincerely,

for, Mike Simon
